An orange carrot and a big red beet
Chopped up rutabaga, what a treat

There's always room for one more seat
And the best is apple pie!

LET THE GOOD TIMES ROLL

Race you up to the top of the hill
Tumble down, through the daffodils
Woah, let the good times roll
Muddy knees and grassy hair
Wildflowers in the summer air

To make a moment last forever
We're all we need 'cuz
Mem'ries are free
Woah, woah, let the good times roll

Bike across to the Southland Farm
Jump around in the hayloft barn
Woah, let the good times roll
Chickens racin' down the lane
Children laughin', playin' games
Woah, let the good times roll

Verse 3

Head on down to the ocean floor
Catching fish 'til we can't no more
Woah, let the good times roll
A bumpy rock and a broken shell
There's magic in 'em - I can tell
Woah, let the good times roll

LIKE AN ANGEL

Verse 1

Her hands are small
I can hold her in my arms
Her head on my shoulder
Spring, summer, fall
Laughing through it all
Sitting close when it's colder

Chorus

And every time she's by my side
Just like an angel from the sky
All is clear, she's right here
The days go rolling by

Verse 2

Her face is light
Smile shining bright
Can fill my heart over and over
Knows how to cry
And laugh and love and try
It's the little things that mold her

Verse 3

In no time at all
She'll be big and tall
Every day she's getting older
The markers on the walls
Turn to empty halls
How I'll always long to hold her
